In case of any discrepancy between the pictures and real products, the latter shall prevail.

Company Introduction

After years of development, Foshan Aozihao Ceramics Co., Ltd has become a well-known modernized company at home and abroad. We have most advanced technology. Every production technology's index is higher than country's standard. In 2001 we successfully passed ISO9001:2000 International Quality Management System Certification Standards. In order to ensure the high quality of products, we adopt advanced technology and modernized management. We produce different series' porcelain tiles in all kinds of regular size. It makes our products very popular with domestic and foreign clients, and gains a green products' title.

We aim to meet clients' demand as far as we can. We will be directed by the market, focus on our clients and endeavor to research and develop new products for market's favor. We will be honest with our clients, and we will fight for a brilliant future and magnificent enterprise together.
